

## Board History

Pearson College UWC was created and is sustained by the commitment, initiative and enthusiastic volunteer support of the Board of Directors. The Founding Board was established in 1973 to fulfill Lester B. Pearson's wishes to realize a diverse school for students with promise and potential from around the world.

The Board tirelessly raised funds for the project, hired the Director, supervised construction of the College and assisted in assembling the first faculty and students.

The College opened in September of 1974. Since that time, successive volunteers have given extensively of their ideas, time, resources and experience to advance the College and, in particular, raise a significant Endowment Fund.

Honourable John Nichol, C.C., founding Chair of the College and his wife, Rosann Cashin (College Patron), chat with students

Everyone associated with Pearson College owes a great debt to the many volunteers who have served on the Board of Directors over the years.
